Snapchat monetary reward and Security Acknowledgement

Hi @konkakarthik,

Congratulations! The panel has decided to award you \$1000 for your bug report. We have closed your other report as a duplicate of this one as they have the same root cause. We appreciate your efforts - thanks, and good luck on your future bug hunting!

Thanks,
Daniel

What's next?

We already have all necessary information on file for you, so you're all set! Your bounty will be paid automatically and we'll send you an additional note when payment goes out.

AT&T Security Acknowledgment

BugTrac <g43525@att.com>

to me, ATT

24/06/2015

Konka Karthik,

We are pleased to let you know that **AT&T** has successfully remediated the vulnerability you disclosed.

We truly appreciate and want to recognize your help in improving the security of **AT&T** by listing your name on the **AT&T Bug Bounty Hall of Fame**, if it is not already included. Please let us know how you would like your name to appear on our **AT&T Bug Bounty Hall of Fame**. By providing the response, you are granting **AT&T** permission to publish your name as a contributor.

Additionally, you will be considered for a 2Q15 Top 10 Reporter Award recognition which, if selected, will provide you with a monetary payout. You will be notified in a separate communication if you have been selected.

Thank you again for your participation in the **AT&T Bug Bounty Program**.

Sincerely,

AT&T Bug Bounty Team

Raghu replied:

Hello Konka,

Thank you for contacting HackerRank!

I really appreciate you taking the time to bring this to our attention. I've passed this to our engineering team who can check this and make improvements where possible.

Thanks again!
